An annual increase of fares is well overdue  
(I think to eliminate lots of these issues  
is to allow the increase on fares overall.  
Cannot remember the last time Ehad Council  
actually favored the increase or when was  
the last increase?  
Thank you

I will not pick people up out of town unless a booking fee is chargeable. I think my husband's idea of £7.00 for 3 to 5 miles, 5 miles and above £10.00 I believe this is fair and easy to execute.

2 Miles or over where you are based to pick up customer a charge of £5, unless they are coming where you are based or near, and £10. ~~4~~ <sup>4</sup> Miles or over.  
fair?

for Example - to pick customer from East Meon going to West Meon, should be a charge on top.  
to pick up from East Meon to Premier Inn, should be no charge.

For jobs ~~that~~ <sup>that</sup> do not come back to  
Africa but the fee must be  
~~reasonable~~ reasonable one i.e not just  
a few pounds say £7.00p that would  
help because if its too low my  
company will not go to places like  
East Meon/W. Meon Alfoxton to Fratton etc  
and that would mean thousands of  
will not get served

The booking fee should reflect the engaged mileage to get to the fare pick up point, as due to recent communication it is unlikely that rural taxi jobs can be profitable to the taxi operator in its current form, thus rural service's might currently be affected.

I would not be willing to do out of town work covering dead mileage without a charge.

Four marks To four marks £4.00

I have to travel up there its a least

£10.00 on the meter before getting there.

I think should be agreement between a customer & the driver about a fare when the pick up is out of Petersfield, as the fuel consumption & time spent to do that job it could be very high, for example a pick up from West Meon going to Warrford, on Meter it could be £5 to £6, to West Meon it could take up to 20 minutes drive out of Petersfield, so doing a job like that it could take up to 1 hour plus the amount of fuel consumed, Drivers for jobs like that will see them as a lose, I think should be a fare agreement between a customer & a driver when the job out of area.
